DETAILED ACTION

Allowable Subject Matter

1. **Claims 1-2, 5-13 and 16-22** are allowed.

The following is an examiner's statement of reasons for allowance:

With regard to claims 1 and 12: These claims are allowable over the prior art of record because the latter, either alone or in combination, does not disclose nor render obvious a light signal transmitting device for emitting the signal towards a plurality of nodes by entering the signal from one end of a fiber to an incident side of a light guide body wherein the light guide body comprises particles dispersed in an optical medium for scattering signal light and wherein a connection material that couples the fiber with one end of the light guide body is provided in an area including a partial side surface of the fiber, a gap between the fiber and light guide body and a portion of the light guide body, in combination with the rest of the claimed limitations.

With regard to claims 2, 5-11, 13 and 16-22: These claims are allowable over the prior art of record because they depend from allowable claims

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
